Secure Copy

An automated solution for securely migrating data
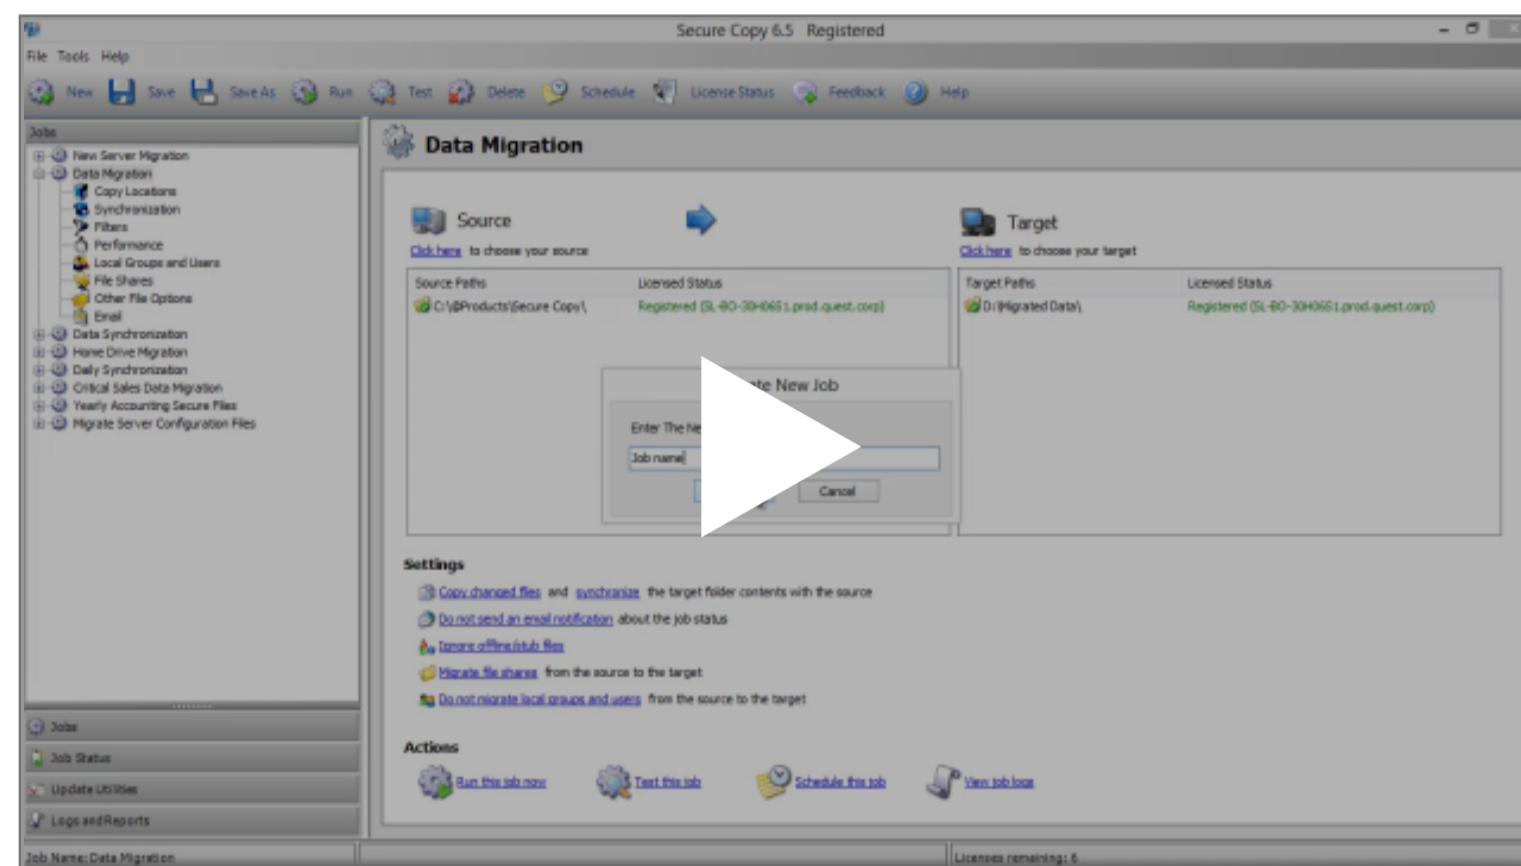

Secure Copy is an automated solution for securely migrating data, shares, printers and more. The tool gives you the flexibility to control how data is migrated and doesn't require the use of agents or scripts. Secure Copy enables you to quickly, safely and easily:

- Migrate data from one server to another
- Consolidate file servers
- Move data to an NAS/SAN device

Unlike native tools, Secure Copy's architecture dramatically shortens the time it takes to complete a migration. The solution also provides intuitive reporting that empowers you to manage data migration projects at any level of complexity.

Toad for SAP Solutions
Improve SAP database development, administration and performance.

Simplify the day-to-day tasks of DBAs and spend more time on innovation. Toad for SAP Solutions automates frequent and repetitive tasks, eliminates performance-tuning challenges and streamlines SQL optimization so you can focus on higher-priority projects. Take advantage of simple-to-use query builders and SQL editors, data-modeling functionality, powerful SAP database tuning, maintenance- and change-management tools, easy collaboration through Toad Intelligence Central, visual database maps and more. Toad for SAP Solutions supports SAP ASE, SAP HANA, SAP IQ, and SAP SQL Anywhere.
